Subject: Legislative reform

Dear Sirs,

Here, Hong Kong is so-called "ruled by Hong Kong people" under "one country-two systems". Are Hong Kong people willing only to "continue racing and dancing"? No!!
What means "ruled by Hong Kong people"? It's not ruled by someone designated by a small group of "peanuts" who can represent themselves only but not Hong Kong people!! Hong Kong people are the master of Hong Kong. The future C. E. of the next round must be elected by Hong Kong people!! This is the voice of the majority of people of Hong Kong. We need the democracy and the freedom!

Best Regards!

One citizen of HK
