Subject: View on reform

    Move To:

We would like to express our deepest concern that certain kind, if not drastic changes have to be carried out in 2007 and 08 regarding the election method of the Chief Executive and the Legislative Council. We demand that direct election to be used for both CE and the Legislative Council. We believe the Hong Kong people has the maturity and ability to select their representative.

thank you for your attention

Ng Kai Chung

Wong Kar Lai
