Subject: Individual view on the CEO and LCM election in 2007 and 2008

    Move To:

I deeply wish to have a election of the chief executive officer and all Legislative Council members in 2007 and 2008 respectively BY WAY OF ONE PERSON ONE VOTE. Human right, liberty, freedom and democracy are essential and important elements for maintaining the stability and prosperity of HKSAR. I hope the government of HKSAR should respect the public opinion.

I wish to remain anonymous when my view are published.

Regards,
