The basis of "alternation/changes" is unfair to the people of Hong Kong. Your consultation therefore is meaningless and a complete waste of the public fund.

The Government is unwise to deliver such proposal at this time as far as I am concern. And I totally against such meaningless "consultaion".

Such consultation just proved the Government has absolutely No Confident on itselfes, nor the Government has trust on the general public's who they are supposed to serve.

i.e., there must be something gone very wrog the Government Ability to lead its people. Good Luck to us all !
