Subject:dear sirs,

    Move To:

I propose that any person who sits on the Election Committee to elect teh Chief Exceutive is disqualified from sitting on advisory panels an dboards, as almost 50% of peopel do at the momnt. It is unfair that they have so much influence.Let the "small" man in toi speak some time, they have more commonsense and just as much education as so called tycoons here.
