2.1.2 The applicant must be the organiser of the project.

2.1.3 Joint application (i.e. application jointly made by two or more applicants) is allowed, but a principal applicant must be identified and be responsible for matters relating to the application. All applicants making joint applications shall state clearly their respective responsibilities in the application form.

If CMAB considers it inappropriate for the Funding Scheme to co-sponsor an activity with that organisation, it may cease to provide any further funding support and require the successful applicants to immediately repay all or any funds already provided to them if they decide to accept sponsorship from the other organisation.
- 2.1.9 Successful applicants may use the sponsorship under the Funding Scheme to implement activities outside Hong Kong, but CMAB does not encourage this practice.
- 2.1.10 Proposed projects must create no additional consequential recurrent expenditure for the Government.
- 2.1.11 All approved projects must be carried out and completed on or before the relevant due dates specified in paragraph 6.1.2. Prior approval must be sought from CMAB in writing and discretionary extension of the due date may be granted to the sponsored organisation or CMAB may cease to provide any further funding support and require the successful applicants to immediately repay all or any funds already provided to them if they fail to complete the project by the relevant due dates.

For Theme Project, the sponsorship ceiling is HK\$300,000. Applicants of Theme Projects may include in their proposals a promotion and education plan relevant to the specific theme of the year, i.e. “Realising Children’s Potential for Diversified Development”, to help generate noticeable publicity effect in the community.
- 4.1.2 The Funding Scheme will only provide direct and one-off financial support to meet the cost of specified expenditure items essential for the organisation of the selected activities by the successful applicants. In drawing up the budget, applicants shall ensure that it is cost-effective. Generally speaking, cost of additional manpower directly incurred for the project, leasing equipment for implementing the activity, venue rental cost directly incurred for hosting the activity, as well as other one-off non-recurrent direct expenditure, such as costs of preparing the auditor’s report, expenses for consumables, marketing and promotion for the purpose of the project may be funded. Costs for maintaining the applicants’ own operation or administration (including cost for setting up or refurbishing an administration office of the organisation, facilities of the premises and the office, decoration cost, repair and maintenance cost, rent and rates, utility charges, general administrative and office expenses, entertainment expenses incurred by administrative staff of the organisation, legal costs and insurance fee which is irrelevant to the project), equipment procurement, furniture and souvenir for guests, as well as other expenditure not directly related to the project, will not normally be funded.
- 4.1.3 The amount of funding support must be justified by a prudent and realistic operational plan and budget provided by the applicant with justifications for the proposed expenditure items.
- 4.1.4 Applicants shall observe the following requirements in preparing the budget:
- (a) Total expenditure on publicity shall in general not exceed 15% of the budget of the project;

- (b) Expenditure on opening ceremonies (if any) shall not exceed 15% of the budget of the project;

- (e) Travelling expenses may be reimbursed only if they arise directly from the project and only if the form of transport used is the cheapest available on each occasion. Taxi fares will be reimbursed only in exceptional circumstances and must be justified in writing; and
- (f) The sum of additional manpower cost directly incurred for the project, the cost of preparing the auditor's report, miscellaneous/contingency expenditure and administrative cost together shall not exceed 15% of the total budget of the project and shall be disbursed on a reimbursement basis.

4.1.5 Applicants may provide funding from their own sources and/or from other sources (such as contributions or sponsorships from third-parties subject to prior approval of CMAB as stated in clause 2.1.8 above) to meet part of the total actual cost of the project. Applicants shall explain whether and how they will raise income (such as charging admission fees or soliciting sponsorships). Applicants shall set out clearly in the application form the amount of funds to be provided by them (if any) and their sources (including secured sponsorship from the commercial sector). Applicants shall submit documentary proof on the secured sponsorship.

4.1.6 To facilitate evaluation of the project, applicants shall state the project's deliverables, key milestones, targets, and methods for measuring its performance when they submit applications.

4.2.1 The funds provided shall be used according to the approved budget of the successful applicants and for the sole and exclusive purpose of carrying out the project directly.

4.2.2 CMAB reserves the right to cancel or reduce the funding support for the project if CMAB opines that the successful applicant has used the approved funds or any part thereof for any purposes other than that specified in paragraph 4.2.1.

4.3 Surplus or Deficits

- 4.3.1 Successful applicants shall undertake to return any residual funds and operating surplus generated from the project to the Government (as CMAB may determine in its sole discretion) (including all interest (“surplus funds”)), up to the amount of the approved funds for the project plus the interest generated or which should have been accrued to the project account (as explained in paragraph 5.4.1 below), within one month after submission of the final audited accounts or financial report of the project. The successful applicants shall return the surplus funds by way of issue of a crossed cheque or bank cashier order payable to “The Government of the HKSAR”. The Government may seek legal remedy in case of unreasonable delay in the return of any surplus funds by the successful applicants.
- 4.3.2 Successful applicants shall accept liabilities for all deficits arising from the project. If the successful applicants reasonably foresee that the total expenditure will exceed the original budgeted expenditure by whatever amount, they shall inform CMAB immediately. In addition, they shall be responsible for the shortfall in order to complete the project.

V. Variations, Accounting and Financial Requirements

5.1 Variations

Successful applicants must apply for CMAB’s written approval at least 14 days before the proposed variation or modification takes effect. 5.2 Payment Arrangements and Reimbursement

- 5.2.1 Successful applicants will normally be required to settle the approved budget expenditure on a reimbursement basis.

If CMAB is satisfied with the reports and that the project concerned has been carried out in accordance with the approved proposal, this Guide to Application and the Letter Agreement, the Government will disburse the outstanding funds to the successful applicants. The amount of the outstanding funds will depend on the result of the final adjustment.
- 5.2.5 Expenditure incurred before the approval of the project will not be reimbursed.
