Subject: Universal Suffrage

CEO Office,

It is clear enough most of us want universal suffrage to be implemented as soon as possible. We have already lost our patience to have an "gradual progress" answer with no time table. Definitely, the Government intends to procrastinate the universal suffrage.

WE ARE TOTALLY FED UP! As you have seen, 250,000 people took up on street on 4 December 2005 which was another historic moment of HK asking for universal suffrage within the next few years (which is long enough). Our voice is loud enough to be heard by you and the Central Government. The HKSAR Government cannot turn a blind eye on us. Please act and response to our request!!

One citizen eager for Universal Suffrage
