Subject: Further Development of Political Appointment System

 Move To: (Choose Folder)

Strong objection to the proposal of additional political appointment. The HK people don't want to have a BIG HK government. It is just a waste of public money to create additional political post. Besides, the political trading of offering the "political post" to those political parties for obtaining their support for policies of the HK government is possible (and of course unacceptable).

Soon introduction of universal suffrage for the Legislative Council and CE of HKSAR would be the proper direction. NO to further creation of political post / appointment !!!!
